

## 2023 Hot Stove Returns!!

The Lovells Township Historical Society is happy to announce that we will return to the old format for our Hot Stove series. Below please find the tentative schedule of presentations-some are yet to be announced, but this will let you know what nights to block off on your calendar so you can join us for fun, friends and FOOD and DRINK! Yes, you read that correctly! We would again welcome "snacks" to share and BYOB for our evenings together. We may or may not make coffee, but we'll have paper plates, cups, napkins, some tools to eat with and if we decide on coffee, we'll have all the extras for that too!

Each presentation begins at the Lovells Township Hall at 6pm and last an hour, or two...or sometimes more if we're all totally fascinated by our presenter.

**So, Com'on** get out of the house a bit this winter and swap stories, catch up with your friends and learn a little something that you might not have known otherwise! It's always a fun night!

We sincerely hope you will be able to join us again this year!

**(NOTE: Watch Facebook for presentation updates and weather cancellations!!!)**
