

## Lovells Township

### Residents

Taking care of our environment is the responsibility of everyone. Lovells Township is doing its part to be environmentally responsible with our two Compactor and Recycling Centers.

The Lovells Township locations will accept almost any kind of household waste (see inside for details).

All materials collected will be shipped directly to manufacturers who will make new products. None of the recycled material will go into the landfill or be transported by a waste hauling company.

Join the push to protect the fragile environment of Lovells Township by recycling your reusable household waste at one of our two convenient locations:

- North End Center is located on Old 612; Just west of the Township Hall
- South End Center is located at 8879 E. North Down River Road; Just West of McMasters Bridge Road

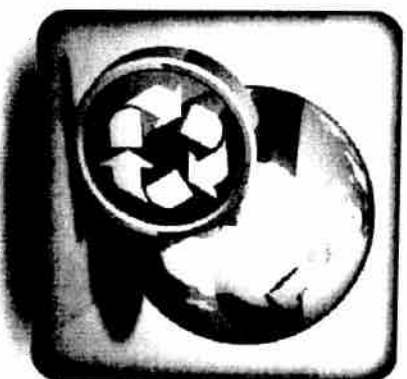

Effective 05/13/2010

### Dump Permit Required

A Dump Permit is required and free to all Lovells Township Residents. Please see your Township Clerk to obtain your permit during regular Town Hall operating hours: Tues.

Through Thurs., 9 AM – 3 PM;

**(989) 348-9215**
